ONE of the sad results of the late election is that BRUCK HILL will not resign.

THE HON. JOHN W. YERKES is favorably mentioned for a place in President McKinley's Cabinet, and it would be highly gratifying to every Kentucky Republican and a large number of Democrats to see him thus honored.

THE Grayson Tribune says—

"There is no more available candidate for Congress than Hon. WILLIAM H. COX of Mayville two years hence. His most creditable leadership during the recent session of the Legislature brings him prominently into line for Congressional honors."

FRANK M. BROWN, the clerk who looted the German National Bank of Newport to the tune of \$191,000, may have been shrewd enough in placing his favors on pretty women and fast horses; but he showed mighty bad judgment when he bet \$30,000 on BRYAN.

EDITOR JIM ALLEN of The Cynthia Democrat is responsible for this chunk of wisdom—

"We regret to learn that the Confederate Veterans Camp at Lexington has fallen out over politics. Politics is not worth getting mad over, and a man who allows it to interfere with his business or his social relations is a fool."

GEORGE FRANKLIN WEAVER, soldier, sailor, newspaper reporter, Y. M. C. A. worker, barber and erstwhile Lodge organizer, who, by his connection with the celebrated trait of ex-Secretary of State CABLE POWERS has become known as the "Strolling Barber," is now operating a chair in a Louisville barber-shop, giving sixpence shaves with each shave.

"The plethora of money in the United States is shown by the remarkable activity in Wall street, where, under heavy buying, shares of all kinds are scoring sensational advances. Yesterday was a day of excitement. Wall street, and the market moved in a sensational way and fluctuations were great, but there was a net advance on the day. Great Britain, on the other hand, is on the anxious edge. Gold cannot be attracted, and there is even a possibility that it must continue to outflow to the United States. The placing of the new war loan already perplexes the Government."

The above is The Courier-Journal's summary of Saturday's financial news, and it appeared in the Sunday issue of that paper. It is a candid acknowledgment of the prosperous condition of affairs under the promise of four years more of Republican administration, and at the same time it gives a black eye to all the dark forebodings of that wishy-washy political weathercock.

THE Cincinnati Post has recovered its senses. For years it posed as the especial and self-appointed champion of the laboring man, and was continually dinnning into his ears the burdens under which he rested, endeavoring thus to create dissatisfaction with his lot. But just hear this from that paper—

"TAXATION IN FRANCE.

"Of course, we of the United States feel the weight of taxation. The burdens of war rest heavily, and the talk of billion-dollar Congresses makes cold chills run over Uncle Sam's system."

"But think of little France, a country where the pursuit of happiness is a religion; where the people are comparatively free and the taxes extortionate."

"The budget of 1901 calls for \$700,000,000. It is the largest budget in all the world. It means that, directly or indirectly, nearly \$18 must be received from every man, woman and child, even down to the last infant in the last cradle, to pay the interest on the largest public debt in the world and keep the government machinery in motion."

"Compare the lot of the underpaid, overworked Frenchman to that of the average American and see how little cause we have for grumbling."

Recommend to Dr. Williams.

G. H. HANSEN, Linn Co., Engineer, J. E. & W. R. R. writes: "I have been troubled great deal with backache. I was induced to try Foley's Kidney Cure, and was soon entirely relieved. I am glad to recommend it to any one, especially my friends who are troubled with backache. I am, J. J. Wood & Son and Armstrong & Co."

Useful Household Articles

The attention of every housekeeper in this section is called to the articles named below, all of which are used almost every day in the year. They are the best that can be bought anywhere, and when the Frank Owens Hardware Co. recommends an article you know it's the best that money will buy.

Enterprise Meat Cutters
Enterprise Card Presses
Butcher Knives,
Fire Shovels, Pokers,
Claws, Fire Guards,
Scoop Shovels,
Axes and Axhandles.

The prices are too low to mention in print—there are no figures small enough to fit the prices we have marked on them. But the smallness of the price does not diminish the value of the article at all.

FIGHT ON A TRAIN.

One Man Fatally Shot and Others, Including a Deputy Sheriff, Were Wounded.

Williamsburg, Ky., Nov. 21.—Information reached the sheriff Tuesday morning from Bird Eye, that a man named Green had been fatally shot and several others received slight injuries in a fight which occurred on a Great Northern train near Bird Eye. Keener was a deputy sheriff and was on board the train with the others who participated in the fight.

They had been drinking, and were using vile language in the presence of a number of female passengers. Keener asked them to be quiet, but was met with oaths, and at once called the conductor's attention to the matter. The men continued to abuse every one in sight, and the train was brought to a stop, Keener ejecting the disturbers, who retaliated by stoning the train.

Keener then drew his pistol and began firing. He has been placed under arrest.

Owensboro, Ky., Nov. 21.—The application for an injunction against the city of Owensboro and Westinghouse, Church, Kerr & Co., to prevent the erection of poles and stringing of wires for the new city electric light plant, was denied by Judge Owen in the circuit court here Tuesday. The suit for an injunction was brought by the Cumberland Telephone Co. on the ground that the operation of the city's plant would result in danger to its employees and annoyance to its customers. The injunction was granted, and on the court's own motion was set aside so as to allow the Cumberland people to go to the court of appeals.

The Turkey Stamped.

Princeton, Ky., Nov. 21.—Several farmers in the northern part of the county attempted to deliver about 900 turkeys to the Ohio Valley Produce Co. in this city, but they found they had contracted for more than they could perform. Two Residences Burned.

It is not known how the fire originated.

Child Bitten By a Snake.

Perryville, Ky., Nov. 21.—The 5-year-old child of John Patterson, who resided about a mile north of here, was out playing in the yard and returned to the house with a snake writhing and coiling in its hands. HEIDIC REACHES

The Allies in Peking Have Resolved to Bring Matters in China to a Crisis.

THERE IS MORE DOUBLE DEALING.

Empress Dowager Warns Officials to Prepare for Immediate Action Against the Powers.

Victory of Nankin Must State Its Position Toward the Chinese Court and the Question of Forwarding Supplies.

London, Nov. 21.—"At last," says the Shanghai correspondent of the Morning Post, writing Tuesday, "the allies in Peking have resolved upon stronger measures to bring matters to a crisis. They have decided to ask the empress dowager to state definitely her position toward the Chinese court and the question of forwarding supplies."

"It is creditably reported," says the Shanghai correspondent of the Daily Telegraph, under Tuesday's date, "that the empress dowager has telegraphed a secret decree warning all governors and viceroys to prepare for immediate action against the allies everywhere."

Penetration of Chinese Officials.
Washington, Nov. 21.—The Japanese legation has received from the foreign office at Tokio the text of the Chinese Imperial edicts which, last night, on the punishment of the anti-foreign officials. It is to the following effect:

"Orders have been already issued for the punishment of the officials responsible for opening hostilities upon friendly powers and bringing the country into the present critical condition by neglecting to suppress and encouraging the Boxers. But as the Peking neighborhood has not been entirely cleared of the Boxers, the innocent people are still suffering terribly through the devastation of their houses, the state of affairs which can not fail to fill one with the bitterest feelings against these officials. And if they are not severely punished, how can the anger of the people be appeased and the indignation of the foreign powers be allayed?"

Two Princes to be Imprisoned.
"Accordingly, Prince Tuan is hereby deprived of the title and rank, and shall, together with Prince Ching, who has already been deprived of his title, be delivered to the clan court to be kept in prison until the restoration of peace, when they shall be banished to Shengking to be imprisoned for life. Prince Yi and Tsiang Yung, who have both been already deprived of their titles and rank, shall be delivered to the clan court for imprisonment. Prince Tsiang Lien, also already deprived of title and rank, is to be kept in prison in his own home. Duke Tsai Lan shall forfeit his dukedom, but may be transferred, with the degradation of rank. Chief General Yung Nien shall be degraded two ranks and transferred."

At Hard Labor For Life.
"Finally, Yu Hsien, ex-governor of Shaanxi, allowed, while in office, the Boxers freely to massacre the Christian missionaries and converts. For this he deserves punishment, and therefore he is to be degraded three ranks and kept at hard labor for life. "We have a full knowledge of the present trouble from the beginning, and therefore, though an impeachment has been brought by Chinese officials at home or abroad against the princes, we must not be punished in the same manner as those who have been impeached. All those who sides with the Boxers and who are guilty of injustice and impartiality in inflicting condign penalties upon these officials."

Agriculture Department Estimates.
Washington, Nov. 21.—The estimates of the department of agriculture for appropriations for the next fiscal year aggregate \$4,659,000. This includes, however, \$760,000 for agricultural experiments, station work which can not be touched by the department, \$1,096,320 for the weather bureau and \$334,350 for salaries. The total represents an increase of ten per cent. over last year.

To Remove the Wrecked Maine.
Washington, Nov. 21.—Commander Lucien Young, captain of the port of Havana, has called for proposals for removing the wreck of the Maine from the bottom of Havana harbor. The bids will be opened December 15 next. The contractor will be allowed until April 1 next to remove the material and install engine no explosives in the removal.

A Portrait of Gen. Liscum.
Montpelier, Vt., Nov. 21.—The house of representatives Tuesday adopted a joint resolution authorizing the governor to have painted a portrait of Gen. E. H. Liscum, a native of Vermont, who was killed in China. The portrait is to be placed in the state house.

Ex-Chief Justice Beckwith Dead.
Hartford, Conn., Nov. 21.—Robert G. Beckwith, ex-chief justice of Alabama, and for many years one of the most prominent jurists of the south, died here Tuesday night after a short illness.

RURAL FREE DELIVERY.

A Wide Expansion of the Service Is Suggested by the First Assistant Postmaster General.

Washington, Nov. 21.—An enthusiastic plea for a wide expansion of rural free delivery is made in a report of W. M. Johnson, first assistant postmaster general. He says that the extraordinary development of this system during the last 12 months, under the stimulus of appropriations of \$450,000 for the fiscal year 1909-1910, and \$1,750,000 for the fiscal year 1910-1911, is evidence showing that hereafter it must be a permanent and expanding feature of the postal administration. The service can now be extended as swiftly as congress may direct or the means permit, until it covers all those portions of the United States now reported to be without mail by the more primitive methods of the postal service which have come down to us almost without change from colonial times.

Pay of Rural Carriers.
This change, Mr. Johnson believes, can be effected without excessive cost to the government. Under ordinary conditions all rural carriers are considered to be 25 miles long, so devised that the carrier does not pass over the same ground twice in the same day. The congressional representative controls the appointments. The pay of the rural carriers is now from \$460 to \$500 per annum. There are no civil service restrictions, nor restrictions as to sex, but it is inexorably required that appointees shall be of good character. The present policy to extend rural free delivery in accordance with the demands made from all parts of the country, so that each individual route may be developed to its fullest extent, has been started, and with this idea constantly kept in view, rural free delivery is eventually to extend over all well-populated communities in the United States.

EX-PRESIDENT KRUGER.

Great Preparations Made at Marcellus For the Reception of the Former Boer Executive.

Marcellus, N.Y., Nov. 21.—Former President Kruger will probably land here Thursday, instead of Wednesday. Had he been reported in the Mediterranean and the Dutch cruiser Gelderland, on which he is a passenger, may hug the coast of the Gulf of Mexico in direction to New York. Kruger's possible landing Wednesday morning. The police and military are held in readiness and the Boer reception committee has not yet changed in the arrangements, or the reception at the docks.

A Great Popular Demonstration.
Workmen have been busy erecting scaffolding for the water tower at La Jollette and the outer dock where the steam launch with Mr. Kruger on board will land. It is certain that Mr. Kruger's arrival will be the occasion for a great, popular demonstration along the route from the dock to the hotel. The other houses were demolished by a cyclone from the northeast, and struck about 4 o'clock. Several houses were demolished and seven persons were injured and some were killed. The Methodist church was unroofed.

Three Men Enter a Baltimore Jewelry Store, Assault the Proprietor and Loot the Place.

Baltimore, Nov. 21.—Three men entered the jewelry store of John J. Hubbard, 13 North street, this city, Tuesday afternoon, and looted the place of its contents. The assault occurred within a block of police headquarters and within a stone's throw of the city hall. Shortly after 10 o'clock in the morning, Mr. Hubbard says the men came in and asked to be shown some diamonds. As he turned to get them he received a blow on the head and fell senseless. An hour later he was discovered bound and gagged lying in a grain bin at the rear of the little shop. A further examination showed that every article of value had been removed from the shelves and show cases. It is thought that Mr. Hubbard's loss is not a very extensive one.

TORNADO STRUCK

The Town of La Grange, Tenn., Probably Wrecked With Loss of Life.

MUCH PROPERTY WAS BADLY DAMAGED

The Storm Made Its Appearance at Midday and Swept Everything in Its Path.

Three Churches and Eight Residences Destroyed—Lives Lost and Much Damage Done to Property in North Mississippi.

La Grange, Tenn., Nov. 21.—A tornado struck this town Tuesday, causing much damage and killing three persons outright. The dead are W. C. Moody and two Negro women. Edward Smith, a Southern railroad agent, is injured seriously. The storm made its appearance shortly after midday, and swept everything in its path. Eight residences and three churches were destroyed. The damage to cotton in the boll will be great.

aprooted and fences and outhouses were leveled to the ground. Telegraph and telephone wires are down. At Coldwater several houses were destroyed, and the daughters of Station Gay and John Daney were seriously injured. A Negro child was killed three miles north of the town. The cyclone raged from southwest to northeast, and struck about 4 o'clock. Several houses were demolished and seven persons were injured and some were killed. The Methodist church was unroofed.

Houses Demolished at Lavergne.
Nashville, Tenn., Nov. 21.—The Nashville & Chattanooga depot and a number of houses were demolished by a tornado Tuesday night at Lavergne, a station on the Nashville & Chattanooga road 56 miles south of here. More than a mile of telephone and telegraph wires were destroyed and details are meager but it is known that a man named Robertson and his child were instantly killed and a Birmingham, Ala., Nov. 21.—A special by long distance telephone from Columbia, Tenn., Tuesday night said: "A terrific cyclone, moving in a westerly and northwesterly direction struck this place at 9:30 o'clock Tuesday night and left havoc in its path."

The Notorious Killebrew.
The notoriety and western sections of the city, which are populated principally by Negroes, were almost entirely swept away. Fifteen persons are known to have been killed and it is feared that this number will be largely increased by later reports.

"Many houses, including a large number of Negro cabins, were blown down and many others unroofed and otherwise damaged. The fencing surrounding the United States arsenal was blown away but the building remains intact."

The Storm at Nashville.
Nashville, Tenn., Nov. 21.—The storm was general over this section, much damage to property being reported from adjacent counties. Communication by wire south of here on the Louisville & Nashville is cut off and the extent of the tornado's work can not even be surmised at this hour.

"Crumbling trains is due back here from Columbia in a short while and it is presumed further information will then be forthcoming. Reports of deaths in that section are not credited here."

DID NOT SEE BROWN.

Fred Stone Telegraphs From West Virginia That He Has Not Seen "B" in Iowa For a Month.

Cincinnati, Nov. 21.—Fred Stone has telegraphed his father from Parkersburg, W. Va., that he has not seen Brown, the defaulting cashier of the German national bank, of Newport, Ky., at Parkersburg.

A cipher message was sent to the United States controller of the currency late Monday saying that in round numbers the shortage was \$135,000.

It is positively known that there is enough money on hand and good assets to pay a good first dividend to all creditors.

A gentleman well posted on the affairs of the bank, said Tuesday: "The only course that I can see that is due the officers of the bank is because of their blind confidence in this man Brown."

A proposition will be made by many of the depositors, especially the big ones, to the effect that if the bank will be permitted to open upon a reorganization plan which will leave 40 per cent. of their deposits in the bank for a year.

ATTEMPTED LYNCHING.

A Mob at Chicago After the Life of a Negro Accused of Assaulting a Little Girl.

Chicago, Nov. 21.—A mob composed of men and women defied danger and fought with 30 policemen Tuesday night in an attempt to lynch Harry Evans, a colored man, arrested on a charge of assaulting 7-year-old Freda Guendal. The hundreds of persons who had gathered around the home of the little girl, whose death was feared, were greatly excited when Evans, who had been captured an hour before he was brought before his victim for identification.

"Hang the black scoundrel! Lynch him!" shouted the spectators, as the mob was brought to the doorway of the Guendal home.

A Riot Call Sent In.
The two officers who had charge of the Negro, after a free use of their clubs and the mauling crowd, finally managed to shove Evans into the house, where the little girl identified him as her assailant. When the mob entered the house Evans had been identified by his victim they became frenzied and made another rush for Evans. In the meantime, however, a riot call had been sent in and a wagon load of bluecoats appeared on the scene just in time to prevent the crowd from overpowering the officers and securing the Negro. After a fierce struggle in which a score of people were more or less injured, the police succeeded in dispersing the mob and landed Evans safely in jail.

Charleston, N. H., Nov. 21.—Charles H. Hoyt, the well known playwright, died at his residence here at 7:15 o'clock Tuesday night of paralysis, from which he had been suffering for several months past. Ever since his return to Charleston, after his release from a private asylum at Hartford by order of the court early in August, it has been known by his attendants and nearest friends that his condition was serious and that there was little or no chance for his recovery but Mr. Hoyt apparently had seemed hopeful of ultimate recovery. The funeral will probably be held Saturday.

THE SELLS DIVORCE.

A Witness Failed to Appear, and the Depositions Taken by the Jury.

Columbus, O., Nov. 21.—The plaintiff in the Sells divorce case had arranged to place Mary Kell, a domestic in the Fish family, on the stand Tuesday morning, but she failed to answer the summons. For what reason is not known. Having no other witnesses on hand, the counsel, after a conference, concluded to resume reading depositions, and that of Fred Johnson, who was employed from 1906 to 1909 as hostler for Sells, was taken up.

In the opening statement he said he lived in the barn, having a room in the upper part. From a window in the rear of the Sells residence he said he commanded an excellent view of several of the rooms in the rear part of the Sells house, and also of the side entrance to the house.

Johnson said he could look from his window into the bath room and Miss Florence Sells' room and the "den." Mrs. Sells hired him. She told him what to do and advised him to mind his own business and not to be a news carrier. She warned him especially against talking too much. He said he was not allowed to carry a basement key. His work caused him to enter the house occasionally. He saw Harry Lyons there once in 1907, when he was talking with the family in the parlor. At that time he got a good look at Lyons. The girls employed there had told witness that Lyons was in the house with the family in the parlor. Mrs. Sells when her husband was away.

TO PURSUE AGUINALDO.

Gen. Macabulos, Former Filipino Chief, Is Prepared to Start After Him With 100 Picked Veterans.

Manila, Nov. 21.—Gen. Macabulos, the former Filipino chief, is prepared to start in pursuit of Aguinaldo with 100 picked veterans, supported by American troops. Other ex-rebel Filipinos will be enlisted in campaigning in the country. Their offers have not been formally made yet, but they are ready if the authorities will accept their services.

Aguinaldo, it is supposed, is in Northern Luzon, according to statements made by ex-rebel leaders now in Manila, confirmed from other sources.

Agulay, a renegade native priest, long an insurgent leader in Northern Luzon, has written to friends in Manila asking for election news and requesting to be informed whether a decision has been reached concerning the relations between church and state and the disposition of church properties. The replies sent him contain the information that church and state are to be separate and that entire religious freedom will be allowed.
